

CURRICULUM VITAE

With a diverse background in both graphic design and the medical industry, I have excellent time management and organizational abilities, along with a fascination with technology and the intricacies of the software that powers it. My passion for design and creativity, together with my desire to develop applications and programs myself, has led me to recently graduate from a coding Traineeship as a full stack developer including completing 2 real-world projects successfully to specification using a wide range of programming languages. As my previous experience shows, I am a hard-working individual who does not shy away from a challenge. I am dedicated to continuously learning and improving my coding skills and am looking to put my exceptional communication and team-working skills to good use as a junior programmer.

PERSONAL DETAILS

NAME: Harith Albadry

RESIDES: Manchester

TRANSPORT: Full UK driving licence and vehicle

LANGUAGES: English, Arabic

RIGHT TO WORK: British Citizen

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer
1-year program

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Python, Node.js, Bootstrap
- Command line Git, Github
- Remote API access

ADDITIONAL TECHNOLOGIES:

- MySQL, Adobe Photoshop, Adobe Illustrator, InDesign, Affinity Photo, Designer and Publisher

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio: <https://harithalbadry.co.uk/>

Portfolio Project #1: “Gazetteer”

The specification was to reply to a website specification for a map-based app to provide information on countries, with a focus on a “mobile-first” development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third-party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: “Company Directory”

A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a “mobile-first” application to maintain a company personnel database (MySQL). Sign off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system’s ability to perform error-free.

CAREER HISTORY:

Jan 2020 – Present

POSITION HELD:

Freelance

Graphic Designer

- Collaborated with diverse clients to actualise their creative vision, adhering to client specifications, and communicating optimal strategies for achieving desired outcomes within stringent time constraints
- Proficient in designing logos, posters, album covers, and other visual assets

Apr 2019 – Dec 2019

Career Break

- Took time to reevaluate my career path and prepare for a new career direction

Jan 2017 – Mar 2019

POSITION HELD:

Royal Liverpool University Hospital

Consultant Histopathologist

- Worked as a consultant pathologist in a busy teaching hospital
- Specialised in skin cancer
- Delivered high-quality patient care, which demanded excellent communication skills, meticulous attention to detail, and strict time management
- Assumed the role of IT lead for the histopathology department, actively participating in medical student and junior doctor education

Aug 2011 – Dec 2016

POSITION HELD:

NHS Hospitals

Histopathology Registrar

- As a junior and middle-grade doctor in a comprehensive training program, rotated through different hospitals in the northwest of England
- Exposure to diverse working conditions allowed reporting on a variety of pathological specimens and providing patient care
- Effective teamwork, clear communication, and adept time management were essential in this role

Aug 2008 – Aug 2011

POSITION HELD:

Manchester Royal Infirmary & Trafford General Hospital

Foundation Training

- Worked as a junior doctor, rotating through various departments, including A&E, care of the elderly, GP, and paediatrics to name a few
- Greatly improved organisational, communication, and time management skills while fostering a collaborative team approach to deliver optimal patient care

May 2007 – Aug 2008

POSITION HELD:

West Middlesex University Hospital

Medical Secretary

- Worked as a medical secretary in the histopathology department

- Responsible for helping with the day-to-day running of the department, including preparing slides and notes for clinical meetings, producing communications, and delivering patient reports promptly

May 2007 – Aug 2008

POSITION HELD:

**Warren Medical Centre
Medical Secretary**

- Worked as a part-time medical secretary in a West London GP clinic, contributing to the digitisation of patient records and implementing a new IT system
- Managed a new patient registration clinic

2006 – 2007

POSITION HELD:

**Jordan Hospital, Jordan
Intern**

EDUCATION:

2021

**Manchester University
Code Bootcamp**

2020

Adobe

Certified Associate – Graphic Design & Illustration Using Adobe Illustrator
Certified Associate – Print & Digital Media Publication Using Adobe InDesign
Certified Associate – Visual Design Using Adobe Photoshop

2015

**Royal College of Pathologists
Fellow (FRCPath)**

1999 – 2005

**Baghdad University, Iraq
MBChB Medicine and Surgery**

1999

High School Baccalaureate (*Grade: A*)
